

Data Sheet

HOFA Acoustic Picture

HOFA Acoustic Picture

The HOFA Acoustic Picture is perfect for use in offices, meeting rooms or living rooms. Thanks to the installed acoustic foam, the acoustic picture absorbs medium and high frequencies highly effectively, creating a pleasant room sound. HOFA Acoustic Pictures can be printed with custom motifs, making them suitable for any space.

Dimensions:

Custom dimensions are available to the exact centimeter.

A selection of our proven standard sizes can be found on our website:

<https://hofa-akustik.de/en/acoustic-picture-configurator/>
